

## June 27, 2013

### Details of Stock Acquisition Rights as Stock Options

---

Star Micronics Co., Ltd. (“the Company”) hereby announces that the Company decided, at its Board of Directors’ meeting held on June 27, 2013, the details of Stock Acquisition Rights (“SARs”) to be issued as Stock Options, pursuant to Articles 236, 238 and 239 of the Companies Act of Japan and to the approval of the 88th Ordinary General Meeting of Shareholders held on May 23, 2013.

#### 1. Total number of SARs

1,920 units (100 shares of common stock per SAR. However, in the event of an adjustment to the number of shares stipulated below in 5, the same adjustment will be applied)

#### 2. Individuals to Receive SARs Allotments and number of SARs to be allotted

Directors of the company	6 persons	750 units
Executive Officers of the company	2 persons	100 units
Employees of the company	12 persons	240 units
Directors of the consolidated subsidiary companies of the company	18 persons	830 units

The above number is the total number of SARs that are expected to be allotted. In the event that the total number of applications for subscriptions of SARs does not reach the above-mentioned number of SARs, the total number of SARs shall be equal to the total number that is actually allotted.

#### 3. Allotment date for SARs

July 5, 2013.

#### 4. Amount to be paid in exchange of SARs

No payment will be required in exchange of SARs.

#### 5. Share types and numbers of new shares targeted for SARs

192,000 shares of the Company’s common stock.

In the event that the Company conducts a stock split or stock consolidation after the day on which the SARs were allotted (“the allotment date”), the number of shares shall be adjusted using the formula listed below. However, any required adjustments will apply to the number of shares associated with SARs that remain unexercised at the time. Fractional shares of less than 1 share that result from such adjustments will be rounded off.

$$\begin{array}{l} \text{Number of shares} \\ \text{after adjustment} \end{array} = \begin{array}{l} \text{Number of shares} \\ \text{prior to adjustment} \end{array} \times \begin{array}{l} \text{Stock split or} \\ \text{consolidation ratio} \end{array}$$

In addition to the above, should reasons arise that necessitate adjustments to the number of shares, the number of shares may be adjusted within a scope deemed rationale under the circumstances.

#### 6. Amount of capital assets subscribed upon exercise of SARs

The amount of capital assets subscribed upon the exercise of SARs will be the paid amount per share deliverable upon the exercise of SARs (“the exercise price”) multiplied by the number of shares granted.

The exercise price shall be an amount 1.05 times the average of the prices of the Company’s common stock on the Tokyo Stock Exchange as at the closing of regular trading for each day in the month prior to the month in which SARs were issued (except on dates where there was no trading) and the amount shall be rounded up to the closest 1 yen unit. However, where that amount is less than the closing price of the Company’s common stock at the end of regular

trading on the Tokyo Stock Exchange on the allotment date (where there was no trading on that day, the closing price on the last day of trading prior to that date), the amount shall be the closing price on that date.

In the event of a stock split or stock consolidation by the Company after the allotment date, the exercise price will be adjusted using the following formula, with fractional shares less than 1 yen resulting from this adjustment rounded up.

$$\text{Exercise price after adjustment} = \text{Exercise price prior to adjustment} \times \frac{1}{\text{Stock split or consolidation ratio}}$$

In the event that the Company issues new shares at a price below market value, or conducts a cancellation of treasury stock (excluding the exercise of SARs), the exercise price shall be adjusted using the following formula, with fractional amounts less than 1 yen resulting from the adjustment rounded up.

$$\text{Exercise price after adjustment} = \text{Exercise price prior to adjustment} \times \frac{\text{Number of shares previously issued} + \frac{\text{Number of new shares to be issued} \times \text{Paid amount per share}}{\text{Market value per share}}}{\text{Number of shares previously issued} + \text{Number of new shares to be issued}}$$

“Number of shares previously issued” in the above formula is the figure after deduction of total shares of treasury stock held by the Company from its total number of issued shares. In the event of a cancellation of treasury stock, “Number of new shares to be issued” shall be read as “Number of shares of treasury stock for cancellation.”

Should an adjustment in exercise price become necessary due to a stock consolidation, corporate separation, reduction in capital, or other comparable events after the allotment date, the Company may adjust the exercise price within a scope deemed rationale and appropriate under the circumstances.

7. Period of exercise of SARs

From June 29, 2015 to June 28, 2019

8. Requirements for the exercise of SARs

- a) The persons who have received an allocation of SARs (“SAR Holders”) shall, at the time of the exercise of those rights, be the Directors, Executive Officers or current Employees of the Company or subsidiary Companies of the Company. However, this paragraph shall not apply to SAR Holders who have lost their position or ceased to hold office due to reaching compulsory retirement age or through the expiration of their term of office or as a result of actions taken at the Company’s discretion.
- b) Upon the death of a SAR Holders, this right may not pass by way of succession.
- c) SARs are non-negotiable instruments and may not be pledged or transferred in any form whatsoever.
- d) All other requirements shall be as set forth in the Stock Option Agreement entered into between the Company and the SAR Holders.

9. Matters regarding increase in capital and capital surplus resulting from the exercise of SARs

- a) The amount of increase in capital shall be one-half the allowable maximum for capital, etc. calculated pursuant to Article 17 of the Corporate Accounting Rules; amounts under 1 yen resulting from this accounting treatment shall be rounded up.
- b) The amount of increase in capital surplus is equal to the allowable maximum for capital applicable to 9 (a) above, minus the amount of increase in capital from 7 (a) above.

10. Limitations on assignment of SARs

Approval of the Board of Directors is required for an assignment of SARs.

11. Reasons and requirements for acquisition of SARs

- a) In the event that the SAR Holder can no longer meet the requirements for the exercise of SARs stipulated in 8 above, the Company may acquire the SARs in question without consideration.
- b) In cases where the Company approves a merger contract under which the Company ceases to exist, or where a proposal for approval of a share swap agreement under which the Company becomes a wholly owned subsidiary, or where a proposal for a total share transfer is approved at an Ordinary Annual General Meeting of Shareholders (or by resolution of the Board of Directors in cases in which approval by the Ordinary General Meeting of Shareholders is not required), the Company may, on a separate date stipulated by the Board of Directors, acquire the unexercised SARs without consideration.

12. Handling of SARs in instances of organizational realignment

In cases where the Company conducts a merger (limited to instances in which the Company ceases to exist), corporate absorption and separation, new corporate establishment and separation, share exchanges or share transfers (all of the preceding shall be classified as “organizational realignment”), at the time that the organizational realignment comes into force, the Company shall issue new SARs from the resulting new Stock Company (“the reorganized company”), as described in Article 236-1 (viii) (a) to (e) of the Companies Act, to SAR Holders for any remaining SARs individually held. In such cases, the remaining SARs shall be cancelled and replaced with new SARs issued by the reorganized company. However, the issue of new SARs is limited to cases in which the delivery of new SARs to SAR Holders in line with the requirements stated below is expressly stipulated in the applicable merger contract, corporate absorption and separation contract, new corporate establishment and separation plan, share exchange contract, or share transfer plan.

(i) Number of SARs deliverable by the reorganized company

The number of SARs deliverable shall equal the number of SARs held by each individual SARs Holder possessing remaining SARs.

(ii) Type of shares of the reorganized company to be used for SARs

Shares of common stock of the reorganized company

(iii) Number of shares of the reorganized company to be used for SARs

The number shall be decided in reference to 5 above, taking requirements and other factors regarding the reorganized company into account.

(iv) Amount of capital assets to be subscribed upon exercise of SARs

The amount of capital assets to be subscribed upon the exercise of each SAR deliverable, after accounting for requirements and other factors regarding the reorganized company, shall be derived by multiplying the paid amount after reorganization following adjustments to the exercise price stipulated in 6 above by the number of shares of the reorganized company to be used for the applicable SARs, determined pursuant to (iii) above.

(v) Period of exercise of SARs

The period of exercise of SARs shall begin with the starting date for the exercise of SARs stated in 7 above or the effective date of the organizational realignment, whichever is later, and shall expire on the end date for the exercise of SARs stipulated in 7 above.

(vi) Matters regarding increase in capital and capital surplus associated with the issue of shares by the reorganized company due to the exercise of SARs

Determined in reference to 9 above.

(vii) Limits on acquisition of SARs via assignment

Approval of the Board of Directors of the reorganized company is required for the acquisition of SARs via assignment.

(viii) Reasons and requirements for acquisition of SARs

Determined in reference to 11 above.

13. Handling of fractional numbers

Any fractional share amounts of less than 1 share deliverable to SAR Holders upon the exercise of SARs shall be rounded off.

(Reference)

a) Date on which the Board of Directors resolved to propose the issuance of SARs to the Ordinary General Meeting of Shareholders

April 10, 2013

b) Date on which the issuance of SARs was resolved at the Ordinary General Meeting of Shareholders

May 23, 2013

End.
